

Hello «GreetingLine»

A week or so ago it was amazing to look out my office window and see white everywhere it looked more like a picture postcard of Switzerland than Palmerston North. It was easy for me to enjoy the beauty of the snow and bitter weather as I was warm and cosy. Unfortunately that was not be the case for everyone, and for some in Christchurch this was just another trial to endure. I think "Cantabrian" now equates to "Strength".

ALUMNI: A few of the Alumni met in Christchurch for a catch up. Walter was astounded by the destruction the earthquakes have left and impressed how well people and businesses are moving past it.

The last Alumni & Friends gathering in Auckland was unfortunately postponed and we are now looking to have this on 6th October at the time of the Auckland Block Courses. Business Theory for the Certificate on the 6th October and Core Management for the Professional Diploma on the 7th and 8th October. In the meantime if you are part of the Alumni and friend group ... add the date to your calendar and please let us know if you are considering coming along. We realise this is amid world cup events and we are wondering about the sense of a gathering during this time, but we have decided to go ahead . tglass@LTG.co.nz
