

**Award for the Logistics Training Group's top NZ graduate in the CILT UK Professional Diploma in Logistics and Transport**

Sponsored by the Logistics Training Group, represented by managing director Dr Walter Glass

Recipient: CYNTHIA QUINNY CHIN

This award is made on the recommendation of the programme director for the student who has achieved the highest overall performance in the professional diploma in the previous academic year.

Walter reports that Cynthia was an outstanding student who consistently produced excellent work throughout her studies. The judges were impressed with how well Cynthia managed her work at NZ Post and her restaurant in the evenings, and achieving straight 'A's in her studies, and all in English which is her second language. It is no surprise that Cynthia has a love for the busy nature of logistics.
